

Bible Attendance Chart

The Bible attendance chart makes a great chart for any study! It keeps track of when the student attends, when he brings his Bible to class, when he prepares his lesson, and when he does his memory work. Write the date in the large space across the top of each box.

Print the next page for each student. Using a variety of colors makes a pretty wall.

Name: _____

Key (Date)			
Present	Bible	Lessons	Memory Work
